

Effective Virtual Learning Requires Tools Specifically Designed to Engage Students

Jigsaw Interactive Was Built For Learning

Learning Effectiveness Is Directly Related to Student Engagement

- 96% of teachers and administrators surveyed agreed that digital learning positively impacts student growth and achievement.¹
- Engaged students are 2.5 times more likely to get excellent grades and do well in school, and they are 4.5 times more likely to be hopeful about the future than their actively disengaged peers.¹
- Interactive engagement is 'twice as effective as the traditional lecture approach' - Richard Hake, Indiana University Study²

Virtual Learning Requires Tools That Captures Students Attention & Gets Them Engaged

“Student engagement is the product of motivation and active learning. It is a product rather than a sum because it will not occur if either element is missing.”
— Elizabeth F. Barkley

- Small Group Learning
 - Easily move your students into small groups for social and team-based learning
- Customizable Break Out Rooms
 - Offer each group of students access to different content as they work together
 - Change or add content as they work toward their study goals
- In-Class Assessments
 - Utilize pop quizzes, polls and surveys to ensure your students are paying attention and learning

“Education is not the filling of a pail, but the lighting of a fire.”

– W.B. Yeats
